201

MODEL 201 "ADD-ON" MACHINISTS' CHEST. Fits under all models 203 — 207 — 209. More storage without extra bench space. 3 Drawers — two felt lined. Cylinder lock secures front cover and all drawers. Four embossed no-scratch feet and indents in top with optional knock-outs for vertical bolting of chests.

Outside dimen.: 20" x 8½" x 11½".
2 drawers: 18" x 7½" x 1½".
1 drawer: 18" x 7½" x 3½".
Individual cartons.
Approx. ship wt.: 23 lbs.

201 'STACKING UNITS'

MODEL 201 "ADD-ON" MACHINISTS' CHESTS are designed as self-stacking storage units. Maximum use of space with individual locks for security. These versatile units are ideal for shop use and more units can be added as needed. Optional knock-outs for bolting together vertically. Alpine Green baked enamel finish. Beach Machinists' Chests are recognized by men, whose tools are the pride of their trade, as the finest in Canada or the United States.

BEACH COMBINATIONS

MODELS 203, 207, and 209 MACHINISTS' CHESTS can all be used with the 201 "Add-On" Chest. Together they are the ultimate choice of skilled craftsmen in all industries. Constructed of high quality steel, phosphated for sure bond of steel and paint and finished in hard gloss smooth Alpine Green baked enamel. Easy to keep clean, no rough finish to gather dust or dirt. You will always be proud of your BEACH CHEST.

B27

MODEL B27 ROLLER CABINET—3 large 4" deep drawers are standard. Additional drawer channels are already welded in the cabinet to allow easy installation of extra 2", 4" or 8" deep drawers. See Add-a-Drawer feature offering up to 7 drawers. This rugged, heavy duty cabinet has hinged front cover which secures all drawers with high quality lock. Front cover slides inside, out of your way when in use. All welded construction, double reinforced sides, and one piece heavy gauge steel bottom—embossed for extra strength makes this the most popular and durable cabinet on the market. Drawers open fully for easy access and glide out smoothly on non-spill slides with positive stops. This mobile tool crib rolls easily on 4" high impact casters to bring tools to the job and save you time and money. Must be ordered as standard 3 Drawer Model.

Outside dimen.: 18" x 27" x 34".
 3 drawers: 24" x 16½" x 4".
 Lower space: 17" x 27" x 12".
 Approx. ship wt.: 105 lbs.

B29

MODEL B29 MECHANIC'S CHEST—the King of all chests. 12 extra-deep drawers hold hundreds of tools. Front locks drawers. Mar-resistant baked red enamel.

BEACH offers these quality features throughout their **second-to-none** line of rugged steel boxes

Heavy duty steel handles for no-slip grip. 90° stop prevents squeezing knuckles against chest.

All metal is phosphated for sure bond of steel and paint. Result: a smooth, iron-hard finish.

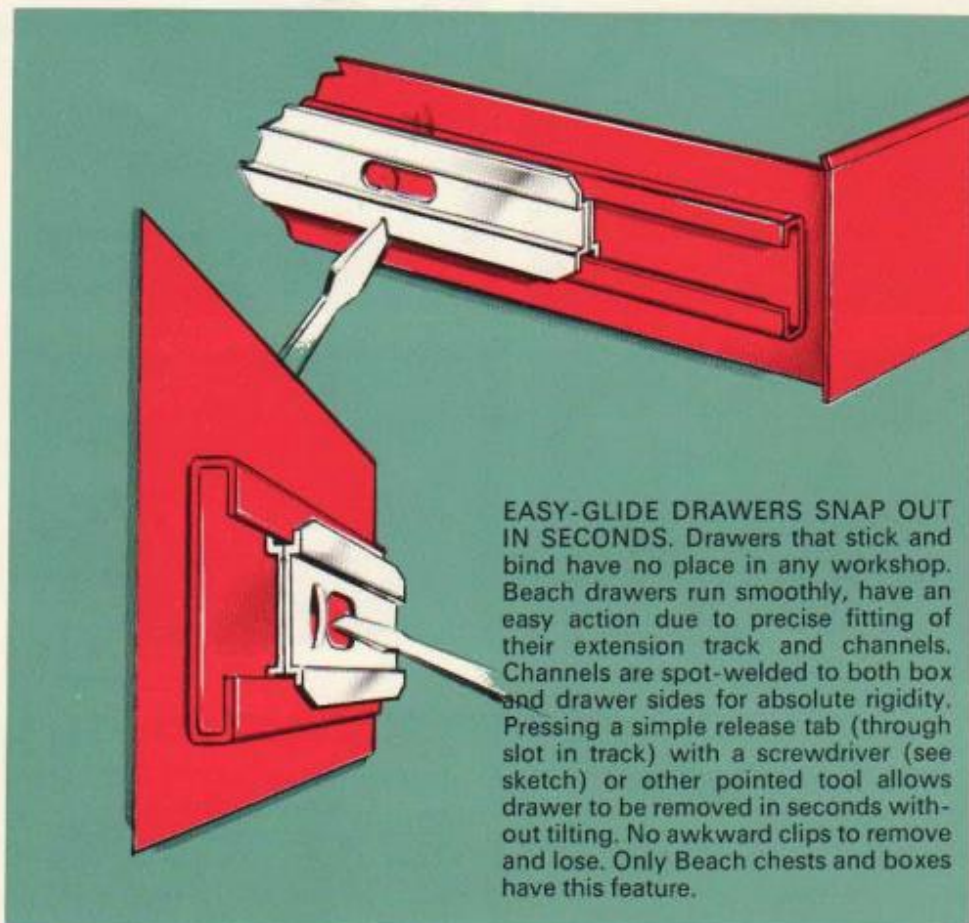

Piano hinge runs full length of lid for rigid support and smooth, easy action. Holds lid at 90°.

Top carrying handles formed plated steel for comfortable grip. Draw-pull catches and pad-lock hasps are nickel-plated.

Extruded aluminum drawer pulls, smartly styled and firmly riveted, ample room for grip.

EASY-GLIDE DRAWERS SNAP OUT IN SECONDS. Drawers that stick and bind have no place in any workshop. Beach drawers run smoothly, have an easy action due to precise fitting of their extension track and channels. Channels are spot-welded to both box and drawer sides for absolute rigidity. Pressing a simple release tab (through slot in track) with a screwdriver (see sketch) or other pointed tool allows drawer to be removed in seconds without tilting. No awkward clips to remove and lose. Only Beach chests and boxes have this feature.

Specifications are subject to change without notice.
